

Eric Bober

Principal

**Pöyry Forest Industry
Consulting Inc.**

Mr. Bober joined Pöyry Forest Industry Consulting Inc. in 1998 and is a Principal leading the North American pulp, wood products, and bioenergy practices, the corporate finance team, and the global growth strategy core team. He has managed teams on a wide range of projects for clients across North America, in both the private sector and government. With extensive experience in strategic development, asset restructuring, and marketing in global markets, he works with teams on a wide range of client engagements.
